SARNIA MILK FOUNDATION

AD ASTRA ANNUAL

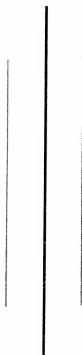

38th ANNUAL EDITION PUBLISHED BY THE STUDENTS OF S.C.I.&T.S.

*We dedicate this issue to
Miss H. M. Brown*

Miss Brown graduated from the University of Toronto with a B.A. Degree. She was appointed to the staff of the Sarnia Collegiate Institute and Technical School in 1940. She served with the Wrens from January, 1945, to the summer of 1946, and then returned to the present position as a Guidance Teacher.

Foreword . . .

This year we have packed 1,500 students in a plant that should occupy 1,000. Next year we expect to house 1,700 in the same accommodation. The Board of Education have done everything they can to alleviate this overcrowding, but to no avail.

We should accept this situation as a challenge to do our best under existing conditions. Many men and women have become great because of the difficulties they have had to surmount. Coping with their difficulties gave them a strength of character to master problems in the future.

Canada to-day is a nation among nations. It possesses great potential resources which we are just beginning to develop. We need men and women of courage, integrity and industry. A nation is only as

strong as its people. So we, as individuals, must strive to use our God-given talents to the best of our ability.

For one to be successful to-day, a high school education is essential. Without a graduation diploma, one's opportunities are limited. It behoves each one of us, then, to make the necessary sacrifices of time and pleasure in order to build up a strong background of knowledge and experience. Try to emulate the sterling qualities you admire in others, and, by daily honest hard work, to qualify yourself for the great opportunities that lie ahead.

A. SINCLAIR, Principal.

Those of us who are members of this school year at the S.C.I.&T.S. are very conscious of "overcrowding" and of some of the problems resulting therefrom.

From the organization viewpoint it has meant the introduction of "staggered classes", with the necessary "coming and going" of students at many different times of the day. One of our visiting inspectors, remarked that "the school never seems to settle down". This constant moving about is not conducive to good work on the part of students and staff alike.

This crowding has made it necessary for many students to spend one or more periods per day in a "study" period in the Assembly Hall, in an atmosphere that is not conducive to study, to say the least. It has also been necessary to place many more lockers in the corridors than heretofore—an undesirable situation. The problem of keeping track of one's belongings, finding suitable places for meetings, consultations, etc., keeping the building clean, is a very acute one.

In spite of all these problems, accentuated by overcrowding, our student body, teaching staff and janitorial staff have conducted themselves very admirably and are worthy of our sincere praise and thanks.

J. E. JOHNSTON,
Vice Principal.

The members of the Board of Education and the Advisory - Vocational Committee bring greetings to the readers of this publication.

The lack of adequate secondary school accommodation has become a major municipal problem. Sarnia's sudden growth, with many demands being made upon public funds, has resulted in no action being taken. However, the Board of Education is hopeful that soon the City's finance structure will allow construction to begin on some form of secondary school accommodation.

The educational system in Sarnia is developing rapidly. The Board of Education is mindful of the work that must be accomplished in the various fields of educational administration. Mutual cooperation among parents, students, teachers and the Board will see us through these difficult times, and it is hoped that in the immediate future the Board's plans which have been formulated will be put into effect to provide the type of secondary school accommodation that will serve this community in the manner in which it should be served.

W. ROGERS,
Director of Education.

A YEAR OF TRIAL

With record registration of 1,500 pupils, this past year has been a period of trial for students and teachers alike. There has been an increase in our teaching staff, and many of these new teachers have taken over leadership in our school clubs. Several new clubs such as the Camera Club, Boxing Club, Key Club, and Hi-Y have crept in to take their place beside the older clubs.

At the request of the Grade Thirteens, the Honour System was introduced this year. If this new system proves satisfactory, it may become part of our regular programme in years to come. I am sure the students and their Advisory Committee, which they appointed themselves, will be able to co-operate and make this new system a success.

Students' Council has had the privilege of having two wonderful girls as its President. Most of you will remember the excellent task Jane Phippen did two years ago, and the way things are shaping up this year, we are going to have another successful year under Jeanne Park.

FROM STUDENTS' COUNCIL

The Students' Council thanks the student body of S.C.I.&T.S. for its splendid support in 1952-53. It was the students' enthusiasm that make this year a successful one.

Also, a great deal of appreciation is due to the Council's staff advisors, Mr. Pate and Miss Pirak and to Mr. O'Donohue, director of student activities.

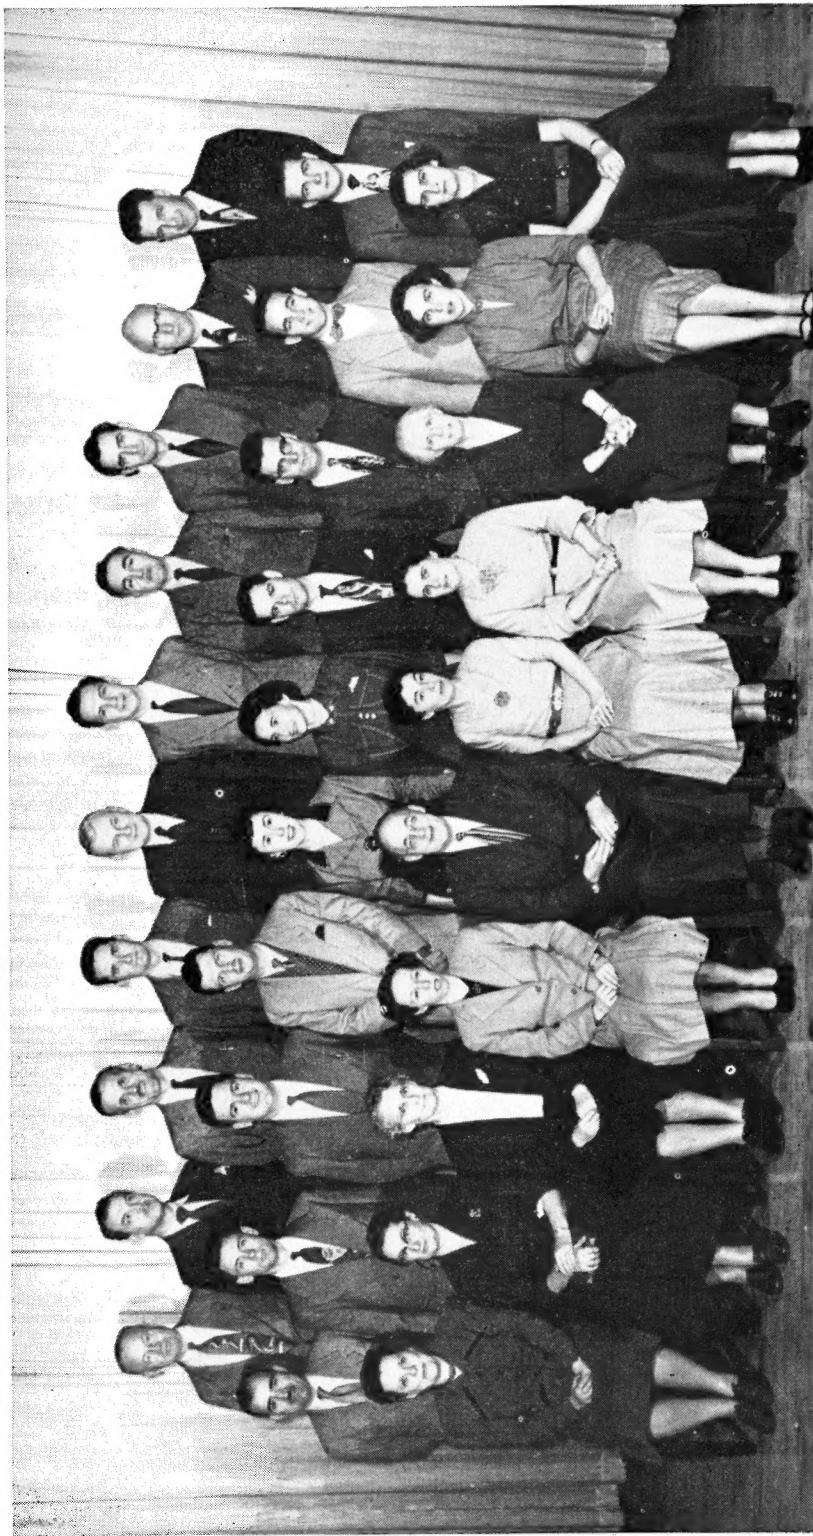

A great tribute to our students this year was the introduction of the Honour System in Grade 13. This not only shows the high calibre of the students but reveals a broad-minded teaching staff. Let us hope the seniors don't let us down.

As we look back on this past year, we hope our efforts have been well received and wish the best of luck to all future Students' Council's of this school.

TO THE MAGAZINE STAFF AND THE STUDENT BODY

Because of this year's staggered system, it has not been easy for the magazine staff to work together to produce this magazine for you. Because of the increased number of students and formation of so many new clubs, we have found it necessary to enlarge the magazine for new features and to do away with older and less popular sections. I am sure that this year's staff has enjoyed planning the Ad Astra Annual for you, and we hope that you will get many hours of enjoyment and pleasure from it. For the graduates, we hope that this magazine will serve as a reminder of the happy days spent at the Sarnia Collegiate. To the members of my staff and the student body who have participated in the production of this book, I wish to extend my sincere thanks and deepest appreciation.

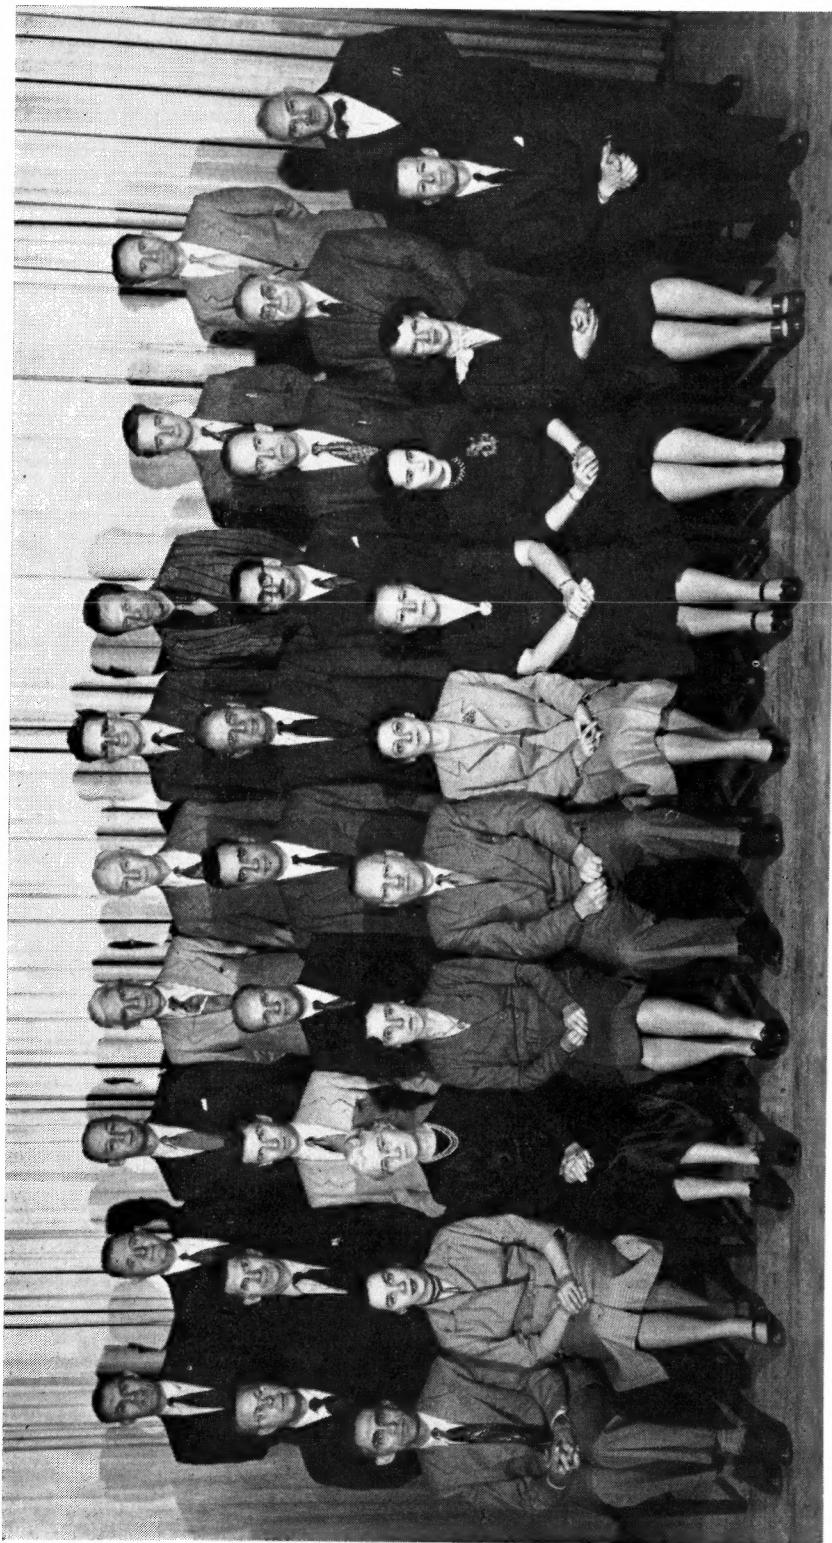

LOIS MONTGOMERY, Editor.

**TEACHING STAFF No. 1**

Back Row — Mr. E. J. Payne, Mr. J. G. Hawley, Mr. L. E. Durnford, Mr. L. G. Newell, Mr. W. S. Pringle, Mr. B. K. Little, Mr. R. H. Garbett, Mr. G. D. McGregor, Mr. E. L. Treitz, Mr. L. V. Langan.

TO THE GRADUATES:

In June 1953 you, the members of this year's graduating class, will become citizens of a much wider community. What will the world expect of you?

The world will expect you to show an interest in your work whether it be in an office, a factory or in an institution of higher learning. It will not be enough for you to punch the time clock or to attend your lectures. You will be expected to devote yourself whole-heartedly to your chosen field, to give something more than the minimum, to take pride in what you do.

The world will demand that you be dependable and willing to take responsibility. Nobody else will assume the task of making you work or learn.

You must be able to appraise objectively your own accomplishments so that

when others criticize you, you can accept their suggestions gracefully and profit from their words.

The world will expect you to have some desire for self-improvement. Your need for education will not stop on leaving high school, for learning continues after the achievement of a graduation diploma. No one can stand still in business or education.

You are deeply indebted to the community for your training, therefore you will be expected, on leaving high school, to make some return for the privileges you have enjoyed.

We believe that you can do what is expected of you. We wish you success in your efforts and we shall follow your careers with interest.

HAZEL M. BROWN

GENERAL DEPARTMENT

FORM 13-A

MISS MARTIN

RON BLAKELY
 S.A.: Army Cadets, SCITS, Signalling, Cadet Camp at Banff.
 Saying: Hi Ruthie.
 Asset: Brains.

*You train
for ADVANCEMENT at...*

Every young man and woman entering the service of the B of M has good prospects of rising quickly to a responsible position. Training, therefore, is geared on broad lines—to prepare members of the staff for advancement.

- Most of the bank's branches across Canada are equipped with modern machines, for which we train young women to become skilled operators—and by which routine work is cut to a minimum. All in all, banking today offers a greater variety of interesting, better-paid jobs than in the past. And, at the B of M, you are with Canada's First Bank.
- For the ambitious young man or woman, there are now greater opportunities than ever before . . . responsibility and

promotion come more readily today.

If you are interested in a *career with a future—good salary—regular increases—first-class pension plan—a genuine combination of opportunity and security . . .* have a chat with your nearest B of M manager as soon as possible. You will like his helpful attitude.

It is an honour to receive a scholarship or an award, so with great pride we print in our magazine again this year, the names of the students who have worked hard for these scholarships.

James Park was awarded the Third Carter Scholarship of \$40.00.

Barbara Marcy received the D. M. Grant Scholarship of \$50.00 for the highest standing in middle school.

The Imperial Oil Limited Scholarships were awarded to Jim Park and Bob Rose. It is \$2500 for four years in the academic course to each boy.

From the Technical Department, Irvine Park received the Sarnia Bridge Company Scholarship of \$25.00, and Stanley Long received the Canadian Institute of Steel Construction of \$25.00.

Marian Passmore received a bursary of \$100 from the Sarnia University Women's Club and \$300. from the Canadian Legion. She also received the \$600 Ontario Hockey Association Scholarship for McMaster University.

The Municipal Chapter of I.O.D.E. gave a Bursary of \$100 to Catherine MacDougall while the Hon. W. J. Hanna Chapter Bursary of \$100 was awarded to Marion Dunn. Grant Hopkins received a \$60.00 Bursary from the Hon. Norman Rogers Chapter.

The Sir John Colborne Chapter Bursary was divided evenly between Ronald and Robert Cook. It was for \$150.

Calvin Weaver received the R. K. Stratford Prize for the highest standing in Upper School Chemistry, while Ken Romanishen of the Technical Department received the E. B. Lusby Prize for the highest standing in Industrial Chemistry. Each award was a book.

The Students' Council donated prizes of \$10 to the persons with the highest standings in General, Commercial and Technical Departments for both grades nine and ten. They went to Henry Sava, grade 10 General; Vivian Hiller, grade 10 Commercial; and Ernest Gillespie, grade 10 Technical. In grade 9, Mary Trotter received the award for General, Katherine Ladanchuk for Commercial, and William Barbaza for Technical.

Robert Rose received the Entrance Scholarship of \$250 for Western University.

The Students' Council Outstanding Girl Citizenship Award of \$50.00 was given to Jane Phippen, while Calvin Weaver received the \$50.00 and the Outstanding Boy Citizenship Award.

TEAMWORK COUNTS

Sitting on the sideline at a football game was something that seldom happened to Jim, for, if he wished, he could be an excellent player. Today he didn't seem to care. He slouched bitterly on the bench. His hot blood spurted in spasms through veins that laced his neck and temples. "Why don't I tell the coach about all the others who smoke?" he mused. His brow dropped lower than before over his glowering eyes. "No!" Jim's lips tightened to a thin line over his resolute chin. "I wouldn't give that damned coach the satisfaction of seeing me mad. I don't care a hoot whether I play or not."

But he did care, and this last lie stirred in him the desire to tear up the sturdy bench on which he sat, in sheer frenzy. He did nothing of the kind, however. The only movement he made was to sink lower yet on the bench and cross his arms over his heavily built chest. Jim's fists clenched beneath strong biceps and a permanent

bitter scowl froze his features. Thus he sat throughout almost the entire game.

The end of the contest approached as a wide running play brought the action directly in front of the Eastern High bench. Angry and unflinching sat Jim. He stared blankly at the game in front of him, and he did not see the action that was taking place. The next play began briskly. Suddenly the sharp slap of hard kidney pads and dull thump of body contact jarred Jim back to reality. He blinked his eyes and caught at a glance the source of the sound. Kennedy rolled once on the ground as a defensive backfielder folded over his hip and toppled to the earth. Bert Johnston scampered past the scene of the block just out of reach of the clutching hands of Kennedy's man and danced over the line to score. The crowd hailed in deafening tones their hero Johnston. From down the bench came "Wow! Did you see that one?"

Jim wondered just how **one** should be interpreted. "Was it the fifteen yard dash or the magnificent bruising block that had

made it possible?" Jim no longer scowled but frowned thoughtfully. "If Kennedy," he thought, "had not completed his part of the play, it could never have been successful. As a matter of fact", came his conclusion, "eleven other men prepared the way for Johnston to score, which in turn benefited all twelve players.

A broad smile flashed across Jim's handsome face as he marched resolutely over to the coach. "Thanks, coach," he muttered shyly. "Thanks for letting me sit this one out." The man's lower jaw fell four inches.

"B . . . But why 'thanks'?" he stammered. Jim's right foot scuffed the grass.

"Well," he started, "today I saw for the first time that it's team play that counts when the road gets rough."

JACK MILLIKEN, 13-A.

WHY I CHOSE "GENERAL"

The first person to whom I asked the question, "Why are you taking the Academic course instead of the Commercial?", was Karen Patterson of 10-16. I overtook her on one of the fair streets of Corunna on the way to school, asked her the question, and warned her that aything she said might be used against her. At first I was afraid that she might refuse to talk until she had seen her lawyer but she was very co-operative and gave me a very interesting statement.

KAREN: "If you take the Academic Course first it's possible to always take Special Commercial afterwards for commercial knowledge. With an Academic background you can enter any field of work. Machines are slowly replacing secretaries anyway."

This last statement made me visualize a secretary-machine for Physics, French and all my other school subjects. Well, who knows? Maybe someday???

Next came a very informal interview

with a very unsuspecting made, John Betik of 12-A. The straight question, "Why did you take General?" was too complicated for him so I had to say, "Why did you take General rather than Commercial or Tech?"

JOHN: "That's easy; because I have both brains and brawn. Tech and Commercial would be too easy on my brains."

Finally Jean Guise of 11-A was asked, and replied: "The subjects in this course are those which I need to enter the occupation which I've chosen. Besides I don't think I would like the Commercial subjects."

These answers both humorous and serious prove that the students who have chosen Academic instead of the other courses have good reasons for doing so, and naturally they believe that their course — our course — is the best there is.

BETTE McARTHUR, 12-A.

WHY I CHOSE "TECH"

Grant Hopkins interviews Don Hillier 10-A

Grant: "Don, why did you choose the Technical course?"

Don. "I chose the Tech course because it offers many chances to become a skilled tradesman."

Grant: "What do you plan to specialize in, in Grade 11, and why?"

Don: "I plan on specializing in Auto Mechanics."

This particular shop interests me because I like being around machinery and taking it apart to see how it runs. I believe that in the future there will be a great demand for Auto Mechanics."

Grant Hopkins interviews Doug Mylchrest T-11-A

Grant: "Doug, what are your reasons for choosing the Tech course?"

Doug: "I picked Tech because I feel that when I'm out of school I want to have a knowledge of one certain trade so I'll have no trouble getting a job. Another thing is that I'd like to have a chance to work outdoors."

Grant: "Besides your shop work, what other subjects do you take, and in what are you specializing?"

Doug: "I take English, Math., History and Science. I'm specializing in woodwork and at present don't have much interest in it outside of school."

Grant Hopkins interviews Doug Hillier T-12

Grant: "Being an excellent student, why did you choose Tech instead of General?"

Doug: "I chose Tech because it offers a chance to work with my hands and to create different projects. It offers me the chance of acquiring skills so that I may properly fill a position in industry. After graduation I can go to Ryerson Institute of Technology in Toronto, and several different schools in the U.S., one of them being Port Huron Junior College."

Grant: "Can you reach a profession status after further schooling in your special shop?"

Doug: "Yes, I can become a professional tool and dye maker. As far as I know Industrial Chemistry is the only other shop in which this can be done."

FIND OUT HOW YOU CAN

GO TO COLLEGE

AND WIN THE QUEEN'S COMMISSION

High school graduates may now obtain a college education and at the same time win the Queen's Commission in the Royal Canadian Navy, the Canadian Army, or the Royal Canadian Air Force, under the Regular Officer Training Plan.

Students may be selected to attend Royal Military College, Royal Roads, Collège Militaire Royal de Saint-Jean or designated universities.

Under the Regular Officer Training Plan students receive generous financial assistance from the government throughout their academic careers.

Students who take advantage of this plan are required after graduation to spend the minimum of three years as commissioned officers in the service of their choice.

If you are interested, write for full information to:

WHY I CHOSE "COMMERCIAL"

After asking several commercial girls in grades eleven, twelve and special why they took this particular course, I got the following reasons:

We feel that now as never before there is a vast opportunity in the city of Sarnia for people with a business education.

Of course, probably the main attraction is the fact that within a relatively short time we can be earning a good living while our brothers and sisters in academic courses are still attending school.

Elda Mickleborough of C-12 said, "I took the commercial course because I didn't care to study languages and I wanted to work in an office. I like this course because it gives me an opportunity to meet more people. I would like to be a receptionist for a doctor or a dentist.

For those of us who have taken general, we find commercial very interesting and also different. We obtain a great deal of practical training before leaving school. This helps to fit us for a job.

For those who think commercial is a cinch, it is not. All the subjects, especially shorthand, necessitate a great deal of work. However, I am not sorry I took this course. You would not be either.

THE GREAT SKUNK EPISODE

There occurred in the year one thousand nine hundred and fifty-one an incident at a rural school, known as S.S. No. 7, Sarnia Township, that was told around the country-side and is still fresh in the minds of some of the populace.

It all started on a fall night when a door was left open at Blackwell School. The next morning an unsuspecting teacher chanced to go down into the furnace room in the basement. She nearly jumped out of her skin when she observed a mother skunk and her baby fast asleep. Upon returning to the classroom she urged everyone to be quiet and gradually let out the awful secret. Various futile means of removing the menaces were discussed. Then classes were dismissed, as the situation was quite unprecedented and even the knowing teachers were helpless. Everyone remained in suspense. Information was frantically sought from a variety of local sources in the hope of turning up a sure method of removing the culprits, without disastrous results. By nightfall no guaranteed remedy had been uncovered. In an atmosphere of gloom, two members of the local school board met to argue the finer points of the least hazardous methods. Stories from pioneer days were recalled, stories of bears encountered in berry patches, enraged bulls, and wolves. "Wolves! I remember how grandma used to tell of sleeping at night around a campfire, and how the wolves came closer when the fire died down," recounted one trustee. "That's our cue," said his companion, "Let's chase them out with fire."

A torch was prepared and the route from furnace room to the exit was barricaded and blocked off so that the skunks could not detour on a by-path. Fearfully the trustees descended into the murky depths to face the worst danger the school had ever known. First, the baby skunk was ushered out into the night followed by the reek of coal oil fumes, and hoots of laughter from the lone spectator. The mother skunk unlike her baby, put up a fuss. As persuasion it was necessary to scorch her fur be-

fore she yielded and went the way of her off-spring, into the night.

Where they came from and where they went no man knows, but they will long be remembered by the stout-hearted trustees who were duly honoured for this act of bravery. This amazing event will long remain in the annals of Blackwell.

HIT AND RUN!

The engine of the car purred like a kitten — a well-fed kitten without a trouble in the world, but oh, what a contrast to the turmoil and confusion in Betty's heart and mind!

Again and again she saw a dark figure looming in front of the headlights, heard the dull thud, felt the tug of the wheel. Then it had been over; she had disappeared into the night as though nothing had happened.

She tramped on the accelerator urging the automobile up the steep incline. Suddenly, from apparently nowhere, two headlights appeared speeding towards her on the wrong side of the road.

There are times when automatic driving is a good thing, for now it gave Betty every split second to concentrate on what to do. To save her life was most important. So, using her last bit of energy, she twisted the wheel, swerving the car toward the opposite shoulder of the road. A sudden jolt, the screech of brakes, and the offending automobile disappeared around a curve, seemingly unaware of the disaster it had wrought.

She was alone. Slowly Betty got out from behind the wheel. Her car was a wreck. She was shaken. She was surrounded by darkness, except for the headlights of her car which still were shining — shining directly on a billboard. Slowly she read "An accident is just a word until YOU have one." Why! her feeling of desperation was just the way the man must have felt when she ran him down. But **she** was alive . . . Perhaps he wasn't dead . . . He might still be conscious. She might be able to save his life.

How many miles was it since she had passed the last town? How far was it to the next town? Should she chance the walk? Would she be in time? She glanced up and down the road. No car was in sight. It was then that she turned and sprinted up the road with newfound energy.

At the crest of the hill the lights of a small town came into view. She faltered, glanced back over her shoulder, saw the simple words of the still illuminated sign which shone forth in the night. Almost at the same instant the sign was no more, as if some giant hand had wiped this symbol from the sky. Thus she stood at the crest of the hill, safe and sound, firm in the purpose.

Bety turned from the darkness and faced the lights. Then with a silent prayer of thanks to God, she ran towards those lights from the town. These lights were yet another symbol, a symbol of hope, a symbol of human brotherhood.

THE ATOM

One of the recent scientific developments is that of the study of the atom and of its applications and uses. To many people the atom is a speck of mystery inspiring fear and horror. But this need not be so.

Very simply, the atom is formed by a nucleus and negatively charged particles called electrons, which revolve about the nucleus much as the planets revolve about the sun. The nucleus contains neutrons, or neutral particles, and protons, of positively charged particles. In a neutral atom these protons are balanced by the electrons, or planetary electrons as they are often called. If an atom loses one of these planetary electrons, or gains one, it obtains a positive or negative charge respectively. In these cases the atom is referred to as an ion. The question that is uppermost in physicists' minds today, is, "What is it that holds every atom in the universe together?" When atoms are bombarded by protons, evanescent particles called "mesons" fly out. Where these mesons come from and how they fit into atoms, may be a clue to the energy holding atoms together.

Strangely enough it is not the lightest atom (hydrogen), nor is it the heaviest (uranium), that is the most stable atom. These atoms are, in fact, very unstable and take any opportunity they can to approach a more stable condition. Hydrogen atoms approach stability by combining, and when they do so a great amount of atomic energy is released. It is this process that is referred to as fusion, and which takes place in the 'fusion', or hydrogen bomb, (and it is the energy released that does the damage.) Uranium approaches stability by breaking into smaller parts. This happens when a neutron, travelling at an extreme speed, strikes a uranium atom, releasing a great deal of energy, though not as much as with the fusion bomb. This process is what takes place when a 'fission', or atom bomb is exploded.

In addition to atomic energy being released in fission and fusion, neutrons are

released. Unfortunately, with fusion free neutrons have nothing to do with the beginning of the reaction, and so they can be put to no use, hence there is no hope of a continuous process which may be utilized. But this is not so with fission. When a uranium atom splits, the neutrons are shot forth with great energy and if other uranium atoms are present they will be bombarded and thus split, a chain reaction taking place. In an atomic engine a quantity of uranium atoms are present in the reactor, and a continuous reaction takes place, the energy from which is utilized to run the engine. At the moment these engines are being planned for submarines but it is expected that they will soon be applied to peace-time purposes also.

Certain characteristics of the hydrogen atom are proving valuable in astrophysics. When the single planetary electron of a hydrogen atom reverses its spin, there is a burst of energy which may be detected by special radio receiving sets. A reversal occurs only about once every 400 years in an individual hydrogen atom, but far out in space, filling some of the apparently empty areas in our galaxy, the Milky Way, there are great clouds of these atoms which are continuously sending out these bursts of energy. These are now being picked up by large receivers on earth. Astronomers hope that by tracing these hydrogen clouds the structure of the Milky Way may be determined, and eventually the structure of the universe itself.

(One of the accepted theories on the

formation of the universe is that originally there was nothing but these clouds of hydrogen atoms floating through space. These gradually began to condense, producing intense heat. Finally the atoms began to fuse under this heat, producing heavier and heavier atoms of different kinds, combined to form stars and planets.)

Thus it seems to me that the importance of the study of the atom and of its applications and uses cannot be overstressed, since it is in this way that we will learn the secret of energy and the formation of the universe, to say nothing of the possibility of discovering some means of replacing our diminishing fuel resources.

LYNNE VIDAL, 13-A

TWENTY-ONE NEIGHBOURHOOD DOGS

Hear that dog, howling at the moon?
Listen carefully and you will hear soon—
The pattering and clicking of many claws,
Of the twenty other neighbourhood dogs.

They each greet the moon as a long-lost friend,
And we listen on, hoping soon for the end.
Until at last with a resounding ring,
A shoe hits one with a painful sting.

The hurt one lets out the most pitiful wail,
And licks the wound on the tip of his tail.
The rest gather 'round and all agree
That it's better to sing under some far-off tree.

So, one by one, they creep away
To lie in wait until the day.
The next night there is howling a-plenty,
But this time we note there are only twenty.

One of these dogs has come to know
That to howl at the moon is not a good show.
Perhaps, one by one, we will soon put to flight
These horrible dogs who howl in the night.

OUR MAGAZINE

It was nearing the deadline, our paper was
due:

The editorial staff was all in a stew.

Papers were scattered, nothing complete:
The editor worried, filled with defeat.

Stories were needed and poems on the
double:

Not enough students had taken the trouble
To hand in stories and poems and jokes—
Too busy talking and drinking cokes.

The Business Manager was meeting his
staff

Who were hoping their work could be cut
in half.

All were rushed and in a hurry;
But who could get anywhere in that wild
flurry.

The staff slaved on, not an effort was
spared;

"Of course, it's the best yet," they all de-
clared.

THE "PIED PIPER" OF SARNIA

Sarnia Town's in Lambton,
By famous Port Huron city;
The river St. Clair deep and wide
Washes its walls on the western side;
A smokier spot you never spied;
But when begins my ditty,
Almost twelve months ago,
To see the students suffer so
Without a new school was a pity.

Students ! !

They crowd the classrooms big and small,
And even are forced to the assembly hall;
There's hardly enough room on the field to
play soccer,
And they've even got three jammed into a
locker;
The noise in the corridors is dreadful to
hear,
And the crowds on the stairways are some-
thing to fear;
The teachers are frantic, dreading next
year—
All the laughter and speaking,
The yelling and shrieking,
When three hundred new ones are sure to
appear.

The pied piper could solve the problem with
rats,
With students, the task will be harder per-
haps! !

THE MOON SHONE BRIGHT

It is a dark and gloomy night,
The stars are out and the moon shines
bright—
A ghostly wind howls through the trees,
But there lies a figure, which feels no
breeze;
For in his chest there sticks a knife,
To leave this cold corpse without life.
Alive he walked the day before,
But now he will walk never more.

Over his body a lone man stands
With drops of blood dripping from his
hands,
And the moon shining bright upon his face
Showing him lost in a sea of disgrace—
His eyes wide open, his lips stretched thin,
His soul destroying him for his sin—
An honoured man the day before
To be honoured never more.

Alone he stands with a murderer's name,
His honour lost in an ocean of shame.
His path of life comes to an end
With the killing of his only friend.
Slowly he stoops and withdraws the knife,
And, plunging viciously, takes his own life.

HENRY SAVA, 11-A.

A little rouge, a little girl,
A box of powder, a pretty girl.
A little rain, away she goes,
A homely girl with freckled nose.

GIRLS' ATHLETIC EXECUTIVE

The twelve members of this year's Athletic Executive were elected in September from the girls who were awarded Proficiency Crests last June. They hold their meetings at noon every Friday. As well as arranging tournaments, planning parties for winning teams, and supervising activities in the gym, the girls sponsor the sale of milk at noon. Last year, the executive purchased a movie projector for use in the school. The members of the 1952-53 executive are: President, Marion Wardell, Vice President, Mary Foster, Secretary, Beverly Finch, Treasurer, Gail Williamson; Members, Beth Bentley, Carol Bulman, Mary Case, Margot Kaptyn, Gail Finch, Anne Kuzmanovich, Catherine Smith, and Myrna Weaver.

ALL ROUND CHAMPIONS

Throughout the school year the girls earn points for attendance in gym class and Leader's Group, participation in games, and for acting as officials in tournaments. The girls obtaining the most points in each division is the All Around Champion for her group. In 1951-52 the Champions were:

Senior — Mary Foster
Intermediate — Gail Finch.
Junior — Margot Kaptin.

PROFICIENCY CREST WINNERS

Proficiency Crest are awarded to each girls obtaining 75% of the marks earned by the All Around Champion in her group. Last year the Proficiency Crest Winners were: Marie Atkinson, Jean Bayne, Beth Bentley, Judy Biehn, Audrey Brough, Carol Bulman, Pat Churcher, Colleen Clatworthy, Goria Coster, Winnie DeJong, Mary Ann Fralick, Bev. Finch, Gail Finch, Mary Foster, Donna Foy, Esther Jamieson, Marilyn Jones, Margot Kaptyn, Norinne Lambert, Anne Kuzmanovich, Gloria MacDonald, Joyce McEachan, Bernice McFarland, Jeanette McGaw, Sally MacGregor, Muriel McInnis, Gail Matthews, Carol Muir, Dorothy Robley, Vicki Sargent, Barb Scott, Catherine Smith, Sylvia Smith, Georgia Stirrett, Pat Thrower, Eileen Waddell, Marion Wardell, Myrna Weaver, Jackie Welsh, Gloria Whitlock, and Gail Williamson.

FIRST AND SECOND "S" WINNERS

The First "S" is awarded to all girls obtaining four Proficiency Crests and to the Senior All Around Champion. The Second "S" is awarded to all girls earning three Proficiency Crests, and to the Intermediate All Around Champion. The "S" winners of 1951-52 were:

First "S" — Jean Bayne, Mary Foster, Muriel McInnis, Barb Scott.

Second "S" — Gloria MacDonald, Bernice MacFarlane, Dorothy Robley, Georgia Stirrett, Marion Wardell, Gloria Whitlock, Gail Williamson.

TRACK AND FIELD

After a slight delay due to cold weather, Field Day was held on Oct. 8, with excellent participation in each division. Because of the increased number of Grade niners, their teams were larger this year, and 12 girls from each team entered in each event. Special thanks is due to Miss Howden, who kept the master score sheet in room 111, to the women teachers who supervised each event, and to the senior girls who helped these teachers and supervised the grade IX teams. They all helped make this Field Day one of our best.

Winners:

Divisions	Forms	Captains
Senior A	Forms 13A & B	Lois Montgomery, Doreen Miller
Senior B	Forms 11A, C	Bev. Finch
Grade 10	Form 10-16	Betty Watt
Grade 9	Form 9-12 (1)	Bonnie Taylor

in the Senior Tournament, and the Grade IX tournament was cancelled because of too many defaults.

Senior: 11-A, C Bev. Finch
 Grade 10: 10-7 Gertrude Dunham

**FIRST AND SECOND "S" WINNERS**

Standing—B. MacFarlane, M. Foster, J. Bayne, M. McInnis, G. Stirrett.

Front Row—M. Wardell, D. Robey, G. MacDonald, G. Williamson.

DECK TENNIS—

Deck Tennis is played in a formation similar to that of volley ball, and consists of throwing a rubber ring back and forth across the net. The tournament is for Grade IX only.

1. 9-14 (1) Joan Borrowman
2. 9-9 (1) Ann Laycock
3. 9-17 (1) Brenda Crooks

GOODMINTON—

Goodminton, a variation of badminton, is a very popular Grade X tournament. The winners this year were:

1. 10-16 (2) Mary Trotter
2. 10-7 (3) Marion Mapietoft
3. 10-15 (1) Inge Becker

BADMINTON—

This year the Senior A tournament, Grades XII and XIII, was very lively, with the winning team winning all their games. The Grade XI Senior B tournament was also exciting and closely contested.

Senior A: 13-A, B Georgia Pursel
 Senior B: 11-A Carol Bulman

BASKETBALL (1952)—

In Grade IX basketball, the floor is divided into nine courts. In Grade X there are three courts, and the Senior teams play official women's rules. Last year the winning teams were:

Senior A	13-A
Senior B	11-C
Grade 10	10-9
Grade 9	9-14

SWIMMING (1952)—

All grades participate in the swimming tournament. The Juniors showed an especially keen interest, outnumbering the Seniors at after-four swimming.

Senior A	13-A
Senior B	11-C
Grade 10	10-9
Grade 9	9-14

THE BOYS' ATHLETIC ASSOCIATION

The Boys' Athletic Association is one of the most important organizations in the Collegiate. This organization sponsors all boys' athletic activities in the school, thus making possible both W.O.S.S.A. and inter-form sports, which provide many opportunities for the students to engage in football, basketball, soccer, track, volleyball and baseball.

The Boys' Athletic Association started the school year off by selling Athletic Cards which give the students a membership in the Boys' Athletic and also admit them free to all school games.

Later in the fall the Athletic Association staged two dances to raise the necessary funds to carry on their programme. A great deal of thanks should be given to the Key Club who generously turned over all profits from the sale of the school directory to the Boys' Athletic.

The members of the Boys' Athletic Executive are: Bob Brooks, Ken Brown, Wayne

Colbourne, Kent Murphy, George Grabove, Bob Ryan, Bob Wright and Bill Kilbourne.

BOYS' SOCCER TOURNAMENT

For the first time in our school's history, a boys' soccer tournament was held on October 8 in place of the annual field day. The participation throughout the day was excellent. 500 boys took part and the competition was very keen.

Three attractive trophies were donated by the Boys' Athletic for annual competition.

At the end of the day, after the shouting had subsided the winners of the soccer trophies were as follows:

Division winners were:

Grade 9	-----	9-2
Grade 10	-----	10-3
Senior	-----	T-12

Arrangements for the Tournament were made by Mr. Wood, Mr. Pate, and Mr. Newell.

A dashing young romantic swore by all the lover's vows that his Clarice was the fairest in all the world and he would have none other.

"Be mine, Clarice," he pleaded, "If you refuse me, I shall die."

But she refused him and fifty years later he died.

**BOYS' ATHLETIC**

Back Row — Bob Brooks, Ken Brown, Wayne Colborne, Kent Murphy, George Grabove.

Front Row — Bob Ryan, Ron Welsh, Bob Wright, Bill Kilbourne.

INTERFORM FOOTBALL

Interform football, played on the school campus during noon hour, enjoyed a very successful season. The teams were coached by members of the senior football squad who devoted their time and effort to develop a winner. Under their direction there was good sportsmanship and clean play in every contest. The teams were divided into three divisions, grade 9, grade 10 and senior. The winners were:

Grade 9 9-2

Grade 10 10-3

Seniors --- The team coached by Ross Dowsell.

SENIOR W.O.S.S.A. FOOTBALL

In 1952, the S.C.I.&T.S. Blue Bombers enjoyed the most successful season in many a year, winning nine and losing only one. That lone loss was suffered at the hands of Windsor's heavily favoured Patterson Collegiate in a heart-breaking W.O.S.S.A. semi-final, in which the Bombers outplayed Patterson all the way.

District W.O.S.S.A. competition was very poor this year—Sarnia and Leamington being the only teams entered in the district. The Leamington team was very inexperienced and Sarnia eliminated them without too much trouble.

199 N. Victoria St.

Much of the credit for the success of the team, should go to the coach, Bill Danylchuk, who took an underrated team, almost making them W.O.S.S.A Champions.

For his play throughout the season, quarterback Ross Dowswell was given the Ormand Beach Trophy which goes to the most outstanding player on the senior football squad. Howard Smith was given the Sarnia Wildcat Trophy, which is presented to the best lineman on the football team.

The lineup for the 1952 Blue Bombers is:

Backfield — McDonald, Keyes, Thompson, Newman, Davidson, Dowswell, Lea, G. Fleet, K. Fleet, Lane, McClung, Jones, Dwinnell, Edgar, Stevenson, Huggett, Christie.

Line — Brooks, McCandles, Mason, Patterson, Fraser, Muir, Timpson, Smith, Hurlock, Hastings, Cunningham, Johnston, Knowles, Milliken, Dobanovich, Ryan, Paisley, Widdup, Beaton, Stocks, St. John, Chivers, Farrar, Satterfield, Mason, McKay.

1.—September 25:

S.C.I.&T.S.	29
St. Patrick's High School	6

The opening game of the season was an exhibition game, played at Athletic Park against our local rivals—St. Patrick's High School. Both teams fought hard to the final whistle, but the heavier Blue Bombers, with superior running and blocking, had the edge throughout.

The star of the game was the Bombers quarterback, Ross Dowswell, who scored 3 touchdowns. Other S.C.I.&T.S. majors were scored by Gene Fleet and Jack Lea, while Ian McClung kicked four converts.

2.—September 30:

S.C.I.&T.S.	40
Chatham Collegiate	0

The S.C.I.&T.S. Junior Varsity team showed what they could do as they overwhelmed Chatham Collegiate 40 to 0 in an exhibition game played in Chatham.

The Sarnians took an early lead and then proceeded to score one touchdown after another and mounted up the score. Art Keyes and John Christie led the Bombers with two touchdowns apiece.

3.—October 3:

S.C.I.&T.S.	47
St. Patrick's High School	5

In the second exhibition game played between these two squads, the Blue Bombers completely outplayed St. Pats, downing them by the huge score of 47 to 5.

Ross Dowswell again starred for the Bombers, scoring two touchdowns and passing for others. Other S.C.I.&T.S. men to cross the line were Lea, Dwinnell, Lane and Keyes.

4.—October 8:

S.C.I.&T.S.	24
Port Huron	0

The first game of the annual home-and-home series with Port Huron was played in Port Huron's Memorial Stadium, before a large crowd of 2,000 fans, including several hundred S.C.I.&T.S. students, who journeyed across the border for the game. The more powerful Sarnia team, took command from the opening whistle and were never headed.

The Blue Bombers scored 17 points in the first half under Canadian Rules and 7 points in the second half under American Rules. Only twice in the game did Port Huron threaten to score, and both times, they lost their opportunity by committing a fumble.

Ross Dowswell, with two touchdowns and Tom Dwinnell with two long runs of 52 and 66 yards led the Sarnia attack.

5.—October 17:

S.C.I.&T.S.	61
Leamington High School	0

The Sarnia Collegiate Blue Bombers continued to overpower their opposition as they smothered the inexperienced Leamington High School team 61 to 0 in the first W.O.S.S.A. game of the season played in Leamington.

8.—October 31:

S.C.I.&T.S.	58
Leamington High School	5

By trouncing Leamington High School 58 to 5 in the second game of the series played at Athletic Park, the Blue Bombers won the W.O.S.S.A. District Championship. This gave the Bombers the right to enter the W.O.S.S.A. semi-final against the winner of the Windsor Secondary School Association.

Coach Danylchuck rested the Sarnia first stringers in the contest, and the second and third string footballers played most of the way. Leamington scored their lone touchdown in the opening quarter on a pass play.

9.—November 10:

S.C.I.&T.S.	12
Patterson Collegiate (Windsor)	13

This was one of the most exciting and colorful games in many a year, as the fighting S.C.I.&T.S. Blue Bombers came close to upsetting their heavily favoured Patterson opponents in the W.O.S.S.A. semi-final played in Windsor. About 300 students along with the cheer leaders journeyed to Windsor by bus and car, to cheer the Blue Bombers in the crucial contest.

Patterson took an early 11 point lead in the first quarter, but from then on Sarnia outplayed them all the way. At the end of the first half the Patterson lead had diminished to 7 points. In the last half, the Bombers passed up many golden opportunities to take the lead, and when the final whistle blew, they were on the short end of a 13 to 12 score.

Thus a very successful 1952 season came to an end for the Blue Bombers.

Somerville: "I can't see what keeps you girls from freezing."

Whitty: "You're not supposed to."

CURLING

Although not an actual school sport, curling has attracted a great deal of interest among the students of the school. The highlight of the curling season occurred on January 24 when Bill Fraser, Ron Fleet, Rod Brown, and Carl Madery journeyed to Oshawa to compete in the Ontario Schoolboy Curling Association Tournament. The Sarnia rink lost out to Midland in the quarter finals of the main event for the Empire Life Trophy, and then was edged out by a Walkerton rink in the final of the second event for the Esso Trophy.

Curling is increasing in popularity every year, and it is hoped that next year even more students will take an active interest in the sport.

W.O.S.S.A. BASKETBALL

This year, under the leadership of Mr. Latremouille, both the Junior and Senior Basketball teams expect to have a very successful season. As of this writing each team has engaged in only one W.O.S.S.A. contest, although each has played several exhibitions.

District W.O.S.S.A. competition this year is very poor, Leamington being our only opposition. Chatham was scheduled to be in the grouping but dropped out be-

fore the season began.

On February 25, the Leamington High School junior and seniors invaded the collegiate gym for two W.O.S.S.A. contests against our Sarnia squads. The junior game was marked by the poor shooting of the Sarnia boys and as a result Leamington won by the lopsided score of 44 to 31. Our seniors, paced by the 14 point effort of Bob Knowles, gave a good account of themselves in the senior contest, whipping the Leamington squad 45 to 40.

Early in February both teams journeyed to Petrolia for exhibitions games and defeated the Petrolia juniors and seniors without too much trouble. In other exhibition contests the juniors easily defeated Port Huron's Garfield Junior High School, while the seniors lost a hard fought game to a superior Port Huron High School squad.

The season is still young and the future of both our basketball teams seems very bright.

The roster of the team is:

Junior

Norm Sander, Bill Hippel, Bill Horley, George Spencer, Bob Stephenson, Dick Hamilton, Harold Waters, Ed Leslie, Homer Williams, Jack Hures, Bill Muir, Tom Richards, Peter Bentley.

Senior

Wayne Colbourne, Bob Knowles, Henry Wasyl, Ken Brown, Bob Ireson, Doug Hillier, Ron Walenius, Howard Smith, Ron Taylor, George Ward.

CARRYING THE TORCH

When the Greeks defeated the Persian Army on the Plain of Asopus in 479 B.C. they were told by the Oracle of Apollo to offer a sacrifice of thanksgiving with fire from the altar at Delphi. A Greek lad named Euchidas, seeking to serve his native town of Plataea, ran to Delphi and obtained the required fire. He made the 125-mile round trip between daylight and darkness but was so exhausted he expired soon after delivering his flaming torch.

Today, a person doesn't have to carry a torch or be a marathon runner to serve his community. In hundreds of Chambers of Commerce throughout Canada civic-minded men and women are working together to make their communities better places in which to live.

SARNIA CHAMBER OF COMMERCE

THE BOXING CLUB

This year, under the coaching of Mr. Corns, a new member of the collegiate staff, the boxing club made much progress. The club consists of twenty-six members, and Mr. Corns not only teaches them how to box, but also how to be trainers, seconds and timekeepers. In this way the boys develop many qualities of good sportsmanship.

A series of exhibition bouts was staged by the boxers at the Soccer Ball and the Blue Bomber Bounce, and everybody agreed that they put on a good show. As this is the first year of boxing for most of the boys, high hopes are held for them in the future.

THE SOCCER TEAM

This year, under the adept coaching of Mr. Wood the S.C.I.&T.S. soccer team

experienced its most successful season in history by becoming Co-W.O.S.S.A. "A" champions.

For their first game of the season the season the soccer team journeyed to Chatham where they played to a scoreless tie against Chatham Vocational School. The following week Chatham invaded Sarnia for a return game and defeated Mr. Wood's boys by a 4 to 0 score.

On October 25, the soccer team travelled to London to compete in the W.O.S.S.A soccer tournament and received a bye into the finals. After W. D. Lowe Vocational School of Windsor had defeated London in the semi-final match, Sarnia met Windsor in the final game for the W.O.S.S.A. championship and defeated them in a hard fought contest 1 to 0, although that one goal was disputed by the Windsor team.

The soccer squad returned home to Sarnia thinking that they had won their first W.O.S.S.A. "A" soccer championship, but

they soon learned that Windsor's protest was upheld. Since it was too late to play another game to decide the championship, Sarnia and Windsor were declared Co-W.O.S.S.A "A" soccer champions of 1952.

On November 15, the soccer team play-

ed their final game of the season against Cranbrook, Michigan, and easily defeated them by a score of 3 to 0. This game marks the beginning of an annual home and home series between these two schools, the second game of which will be played in Sarnia next year.

GLANCING BACK

As we glance back through the years we we find that a few memories are especially clear in our minds.

June 16, 1951 was the day of the unveiling of our Memorial Plaque. A dedication ceremony was held in the collegiate auditorium with Mr. Asbury, former principal of our school, giving the invocation and Lieutenant-Colonel Eric Harris delivering the main address. Also present were many other dignitaries, including Major Nelson.

On the plaque are the names of one hundred and eleven students of the Sarnia Collegiate who paid the Supreme Sacrifice for their country during World War Two. It is displayed in the main hall in front of the auditorium where it may serve as a reminder to all the students of the great significance behind it.

OFFICERS VS. CADET CORPS

Last year the cadet corps' instructors challenged the officers of the 31st Field Regiment Royal Canadian Artillery to a rifle competition, and the teachers won. The winning team consisted of nine teachers: Mr. Billingsly, Mr. Jenkins, Mr. Newell, Mr. Wood, Mr. Pate, Mr. Southcombe, Mr. Little, Mr. Konkle, and Mr. Ritchie. Mr. Mendizabal acted as Range Officer. This contest was held on Jan. 15, 1952, and two weeks later the teachers shot against the Sarnia Revolver Club and lost.

This fall term started with six familiar faces missing from the teaching staff. Of the six, we have no information as to the whereabouts of Mr. Manore, but Mr. Dobbins and Mr. Graham are still residing in Sarnia. Miss McLachlin is in Stratford, Mr. Burns is on a farm near Sunderland, and Miss McArthur has taken on the lifetime job of being Mrs. Burgess. All of us at the Sarnia Collegiate extend our sincere good wishes to these former teachers.

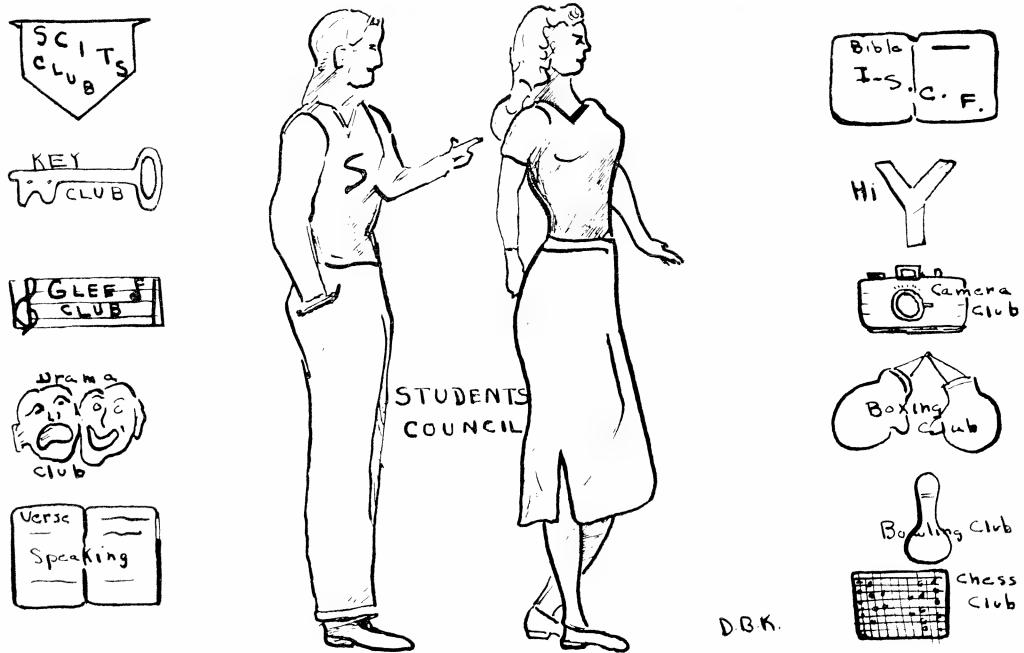

TEACHERS VS. STUDENTS

One of the highlights in our school sports is the annual volley ball tournament between the teachers and students. It is a best of three series and so far the teachers have always succeeded in winning two games. Mr. Garbett has made a trophy which is awarded to the winning team each year.

STUDENT ACTIVITIES

STUDENTS' COUNCIL

For the past two years a girl has been president of the Students' Council in this school. This year the honour was given to Jeanne Park. The Vice-president is Ron Timpson, the Secretary is Marian Beauchamp, and the Treasurer is Barbara Soper.

The Council sponsors many things during the school year, the most popular being the Com-Te-Colls which are usually held every other Friday night.

Two special dances held during the year are the Freshies' Reception, and the Senior Form Party.

Perhaps the most anticipated dance of the year is the At-Home. This dance is held every year just after Christmas and is in honour of the graduates of the previous school year.

Students' Council provides buses for the students who wish to attend out-of-town games.

The Council also arranges to feed the players of the out-of-town teams that visit our school. A tea dance, is sometimes held in honour of the visiting team.

The boys of S.C.I.&T.S. wait patiently all year for Twirl Season which is sponsored by Students' Council. For a whole week the girls are required to pay the boy's way if they are out on a date, and according to most boys this is a very nice arrangement.

Douglas & Ferguson TEXACO SERVICE

175 Ontario St. ED-9771

SPECIALIZED MOTOR TUNE-UP

Batteries - Firestone Tires

ment. Twirl Season is ended by a mammoth dance to which the girls escort a boy.

Besides entertaining the students, Students' Council also helps a few of the worthy ones by means of scholarships. They offer six scholarships of \$10 each to the students of grades nine and ten who achieve the highest standing in the General, Commercial, and Technical courses. They also offer two scholarships of \$50 each to the boy and girl chosen The Best All-Round Boy and The Best All-Round Girl in the school.

These are only a few of the activities conducted by the Students' Council during the school year.

SCITS CLUB

The executive and committee of the SCITS CLUB each year sponsors their SCITS Review and a dance. Members of the executive for the year were:

President Ron Walenius
 Vice President Mardee Slatterie
 Secretary Carol Pike
 Treasurer Evelyn Borthwick
 Supervisors: Mr. Roberts, Mr. Coombs,
 Mr. O'Donohue.

The theme of this year's SCITS' Review was a travelogue—from New York, where celebrities meet, to New Orleans, where the Blues were born, across to the West, where men are men, then down to South America where the Rumba Beat reigns.

The proceeds from the show were donated towards the purchase of a grand piano for the school, and also were given to other school clubs who needed help financially.

No. 102 SARNIA C.I.&T.S. CADET CORPS

About 600 boys were enrolled in the corps in 1952—the largest in the history of the corps.

On January 17, 1952, the corps was honoured with a visit from Major F. G. C. Darton, G.S.O. II (Cadets) for Central Command, Air Commodore G. S. O'Brian, Assistant Director of Physical Education for the Department of Education, and Captain J. A. Carson of Army Headquarters in London. Major Darton spoke to the pupils of the senior assembly that morning.

The annual church parade was held on the evening of Sunday, May 11th, to Patterson Memorial Presbyterian Church. The service was conducted by the Rev. Douglas Seaton, assisted by Hon. Major, the Rev. Alex Rapson. A beautiful silk Union Jack was presented to the Corps by the 31st Field Regiment at this service, and was dedicated by Major Rapson.

Our forty-ninth annual inspection was held on the Collegiate campus on Friday, May 16. The inspecting officer was Brigadier W. A. B. Anderson, O.B.E., Cd., commander of Western Ontario Area, and with

him were Lt.-Col. J. H. Coleman, O.C. of the 31st Field Regiment, and Captain J. A. Carson, Cadet Training Officer for Western Ontario Area. After the ceremonial drill, the cadets gave demonstrations of signalling, Bren gun drill, field craft, physical training, and artillery drill with the 25-pounders. The corps was under the command of Lt.-Col. Calvin Weaver. Brigadier Anderson said that he was very well pleased with what he had seen during the afternoon.

On May 20th, the Signalling team won the Moyer Cup, awarded to the best twelve signallers in Western Ontario Area. Sarnia gained 2,422 points out of a total possible of 2,836 in the examination. The Tillsonburg team came second with 2,413 points. The handsome trophy was presented to the

Sarnia team at the final assembly on June 5th by Captain F. J. Spicoluk, Area Signals Officer.

In the competition for the Lord Strathcona General Proficiency Trophy among the Western Ontario Corps with an enrollment of 200 and over, Sarnia came second with 85 per cent. Tillsonburg won the trophy with a percentage of 87.

Eighteen Sarnia cadets took a seven-week trades training course at Camp Ipperwash during the summer. Four of these boys were in the Driver Mechanic course, five took the signals training, and nine were enrolled as senior leaders. From among the 1500 cadets at the camp, Lt.-Col. Calvin Weaver of Sarnia was selected to be the Officer Commanding the Battalion, and Major Robert Cook won the posi-

presented, on behalf of the Laboratory staff, a handsome trophy to the Corps in memory of the late Major Michael E. Harris, who was killed in December, 1951, while carrying out his duties at the plant. Major Harris was Officer Commanding the 26th Battery and an instructor of the Collegiate Cadet Corps at the time of his decease. The trophy is to be awarded annually to the outstanding cadet of the year.

Other activities for the year included recreational shooting and participation in rifle competitions such as the Dominion of Canada Rifle Association winter series, the Youth of the Empire competition, the Royal Military College trophy event, the Province

of Ontario competition, and the .303" rifle competition for the Lord Strathcona trophy. A class in first aid, leading towards a St. John Ambulance certificate, is in progress. Map-reading is taught to the Grade X cadets and the fundamentals of cadet training to the Grade IX boys.

The present staff of Cadet Instructors is: Major W. D. B. Ritchie, Captain J. Earl Johnston, Captain J. R. Coombs, Captain G. B. Jenkins, Mr. A. D. G. Billingsley, Mr. L. G. Newell, Mr. B. K. Little, Mr. William Wood, Lieut. L. G. Shepherd, Lieut. Percy Corns, Lieut. William Danylchuk, Bandmaster W. E. Brush, Captain E. C. Walker (Reserve Force), Mr. G. Reid.

A word to the wise...

...to the wise young girls — and boys — who wouldn't be satisfied with "just any job" when they go out to work.

Year after year, hundreds of young people find congenial jobs at the Bell where an ever-expanding business offers unlimited opportunities in many different types of work. The good pay, short work-week, pleasant working conditions, the many benefits and social activities are some of the reasons why they say "The Bell is a good place to work!"

Delos Scott from Washington D.C. speak and show pictures on his trip to the Holy Land. Another highlight included the Neltons; Miss Nelton, a former concert and operatic star sang and Mr. Nelton gave a short message to the group. On February 13, Don Lunney, a great youth speaker, spoke to the largest turnout of the year. At another meeting, Margaret McCreadie told of her missionary work in the northern part of Quebec. At the regular weekly meetings, Mrs. Brown, a city youth worker, conducts Bible studies from the Gospel of Luke.

In November, the Inter-Varsity Christian Fellowship gave a banquet for the groups. The banquet was followed by a special speaker, film, and a skit put on by several students. A good crowd of boys and girls turned out to a skating party in December and a hay-ride in February.

Through these "speakers" and "socials" Inter-School Christian Fellowship had a very inspirational and profitable year.

HI - Y CLUB

This year there are two Hi-Y Clubs. They work together on their projects, but each has its own executive.

First Club — President, George Ward; Vice President, Frances Wright; Secretary, Diane Wade; Treasurer, Dave O'Connor; Advisor, Mr. Shepherd.

Second Club — President, Fred Pearson; Vice President, Marg Russell; Secretary, Dorothy Matthews; Treasurer, Diane Swan, Advisor, Miss Fluhrer.

The Hi-Y Club is responsible for raising the flag every morning and lowering it after four at school.

Once every month they put on a dance at the "Y" for Teen Town and have a

special programme. Also every Saturday night they are in charge of checking coats.

Every Friday night some of its members sell refreshments to the Twenty-Forty's Club at the "Y".

In February they put on a Fashion Show in the Collegiate Auditorium to help raise money for their trip to Florida during the Easter holidays. Also in February they had a Bridge Party at the "Y".

Probably the most exciting of their activities was the fixing of toys at Christmas time for the Salvation Army to distribute to the more unfortunate boys and girls of Sarnia; and the Driving School consisting of lectures and actual lessons in cars donated for the purpose by the dealers in Sarnia.

DRAMA CLUB

President Patricia Gurd
 Vce President ... Gordon Cameron
 Secretary Vivian Sturdee
 Treasurer Earle Wineburg

Formed last year under the supervision of Mr. O'Donohue and Mr. Stubbs, the Drama Club produced the comedy "Aunt Billie from Texas".

The Drama Club this year is under the direction of Miss Lowden. They spent the early part of this year doing impromptus. During the month of November the members and teacher concerned began casting for "Harvey". Daily rehearsals continued all through the months of December and January. The play was presented on Friday, February 20. It was a great success and should draw larger crowds in the years to come.

Following the three act play the club is working on twenty minute skits involving only a few actors. Some of these skits may be presented in assembly for enjoyment of the club.

Members usher for all Senior Drama plays.

The Club gives everyone interested in acting, or production a chance for good stage experience.

Other teacher advisors are, Miss Fluhrer, Miss Woodside, Mr. Norfolk and Mr. Roberts.

KEY CLUB

President Bruce Alton
 Vice President Harry Waite
 Secretary Dave Rapson
 Treasurer Ron Marcy
 Senior Director Chuck Beaton
 Junior Director Gord Cameron
 Sophomore Director Ted Evans

The Key Club, newly organized last year, has already made itself very noticeable in the school. The boys cleaned all the trophies in the showcase; showed the visitors a round on Parents' Night. At each Com-Te-Coll they check coats, and at the football games in the fall they distributed programs containing the line-ups of both the Blue Bombers and the visiting team. Their biggest service to the school was the printing and selling of School Directories, with the address and phone number of each student and teacher in the school. Any

money left from the sale of these was donated to the money-needing Boys' Athletic Association.

■ Kent Murphy was writing a letter home to his mother from camp. "The food in this camp is absolutely poison," he complained.

And then he added, "And such small portions."

SARNIA, ONTARIO

It is very interesting and broadening to receive magazines from other schools as we have this year. Their magazines are excellent and show us many places where we can and do improve our magazine. We do hope that this custom of exchange will continue and be extended as the years go by.

Interschool Christian Fellowship, were very well done. The photography and all the class pictures were also noteworthy items.

— **Glebe Collegiate, Ottawa, Ontario.** — This is in every way the finest magazine I received, the art being an outstanding feature. I am sure the editorial and business staff could pat themselves on the back for a fine job.

The "PATRICIAN" — Patterson Collegiate Institute, Windsor, Ontario. — A magazine which seems to cover all phases of school life well and has a very nice cover. Form News was one of its best features.

"THE KENCOLL" — Kennedy Collegiate, Windsor Ontario. — This is an all-round magazine with sports literature and clubs of the school all well covered. A job well done.

"THE GREEN AND GOLD" — Scollard Hall, North Bay, Ontario. — This magazine was appropriately dedicated to "Her Majesty Queen Elizabeth II". The photography was very outstanding and the cover very smart.

"THE BLUE AND WHITE" — Walkerville Collegiate, Windsor, Ontario. — The write-ups of all the different school activities, which varied from ping-pong club to

increasingly important
to Canadian Living

Sarnia is playing an ever expanding role in the higher standard of living we Canadians enjoy today. Each year from The Chemical Valley, flow more and better chemical and petroleum products to aid Canada's industrial and agricultural progress.

Dow Chemical of Canada, Limited is proud of the part it plays in Sarnia's growing importance, and proud too, of its vital role as a leading supplier of chemicals to industry and agriculture.

**DOW CHEMICAL OF CANADA, LIMITED
SARNIA**

Chemicals Basic to Canadian Living

"THE ECHOES" — **Peterborough Collegiate and Vocational School, Peterborough, Ontario.** — This magazine is also dedicated to Her Majesty, Queen Elizabeth II and also one of the finest. The photography was really terrific.

"VON COLLEGIENSIS" — **St. Catharines Collegiate Institute and Vocational School, St. Catharines, Ontario.** — Another magazine on our "tops" list, as it was all round in every way. All of the many activities are combined to make it thus.

"THE FETTESIAN" — **Fettes College, Edinburgh, Scotland.** — A magazine which cannot be compared with the Canadian High School ones, but is most interesting and contains much detail and an excellent literary section.

Assembly — October 16:
UNITED NATIONS

On October 16 in assembly the 7th anniversary of the United Nations was observed.

Frances Coursey and Harry Waite gave short addresses explaining the functions and achievements of this great organization.

and a skit presented by some of the senior boys. Pop and doughnuts were served to all.

Thanks again to all those who gave their time to help make the reception such a big success.

October 29:

TEA - DANCE

On October 12, S.C.I.&T.S. played host to the Beal Technical School of London, Ontario.

After a very enjoyable football game at Athletic Park, the students and players gathered in the boys' gymnasium for a tea-dance. Chocolate milk and doughnuts were served to both teams.

Assembly, October 30:

JUNIOR RED CROSS

Miss Wilkinson of the Junior Red Cross spoke to us on the aims of this society.

This reception, the second in the history of the school, indicates that the rough and tumble type of initiation which prevailed for so long, is now outmoded.

The students enjoyed an evening of round and square dancing, games, movies,

CONGRATULATIONS

AND OUR BEST WISHES
TO THE GRADS OF '53

In wishing success to the graduates of 1953, we are proud of your scholastic achievements and your records in sports — proud, too, of your influence on the cultural, social and economic life of our city.

STREAMLINE & REFRIGERATION FITTINGS

The Red Cross has three main interests:

1. Good health.
2. Service to others.
3. International friendship.

The Junior Red Cross organizes many projects, such as sending health and school kits to countries which are not so fortunate as we. It serves the community through hospitals and schools, as well as doing overseas work and many other charitable services. Miss Wilkinson pointed out to us that the Red Cross gives us an opportunity to do something for someone else.

Anne Kuzmanovich was Sarnia's representative to the Provincial Red Cross Camp last summer.

October 31, 1952:

SOCER BALL

Beans? Beans? Beans? This was the theme of the annual Soccer Ball held Friday, October 31. The jar contained 1844 beans.

Wilma Chapman C-11 guessed the number of beans to be 1843. Wilma won an all expense trip to the Grey Cup game. She was given two tickets to the game so she was able to take a friend.

There was boxing, wrestling, as well as movies and games in the auditorium.

Sam Burton of the Recreation Committee sent bags of candy as a Halloween treat for all. Both gyms were open for dancing.

I think we all agree that this was one of the best events of the entire school year, thanks to all the time and work given by Mr. Wood, Mr. Pate, and the Soccer Team.

November 28, 1952:

BLUE BOMBERS' BOUNCE

On November 28, 1952, with free food foremost in the minds of all, the clan of S.C.I.&T.S. gathered to dance in both gyms. This evening we were the guests of the Boys' Athletic Association.

The prize at stake was to be a free dinner in the dining room of the Colonial Hotel, with free transportation. The lucky winner was June Williams of C-12. We sure hope she enjoyed herself.

For those who were not fortunate enough to win, cokes and doughnuts were served.

I'm sure we all feel this dance was really a great tribute to the "Blue Bombers" of 52.

Sarnia Ontario

December 12, 1952:

HOLLY HOP

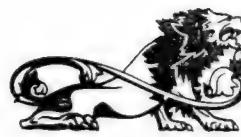

Are you Mr. Mistletoe? Are you Miss Mistletoe? To all those who danced, these were the questions being asked continually on the night of December 12th. This was the Com-te-Coll sponsored by 12-A for the students of S.C.I.&T.S. With exams over, mistletoe over each doorway, and St. Nick's visit drawing nearer each moment, the spirit was happy and carefree. There was dancing in both gyms. Tickets to the "At-Home" were presented to Beth Bentley for guessing Ken Cunningham to be "Mr. Mistletoe", and to Don Osborne for realizing that Pinkie Sturdy was no other than "Miss Mistletoe" herself.

December 19, 1952:

GRADUATION

On Friday, December 19, 1952, the annual Commencement exercises of the Sarnia Collegiate Institute and Technical School were held. To the march "Pomp and Chivalry", played by the school orchestra, the graduates filed to their places in the auditorium. A few words of welcome were given by Mr. Sinclair. The honour certificates were awarded by Mrs. Mills, and this portion of the programme was followed by a delightful selection from the school orchestra. An inspiring address, given especially for the students by Miss Laurentine B. Collins, director of the department of School-Community Relations in Detroit, added to the enjoyment of the audience. The diplomas of the graduates were presented, and two numbers were sung by the glee club. Scholarships, bursaries and prizes were also awarded. The finale came when Marion Passmore, Valedictorian of the graduating class, gave her address and passed the torch to Betty Laird.

We wish to join with this class of 1952 in saying thanks to all those who made it possible to have such a memorable evening.

SARANIA

December 26, 1952:

AT - HOME

December 26, 1952, marked the Annual At-Home. Graduates, students, and friends enjoyed dancing to the music of Don Hamilton and His Orchestra.

The school colours of blue and white were predominant in the decorations. Blue lights mingled with evergreen, and a large gaily decorated Christmas tree lent a holiday spirit to the dance. Punch and cookies were served during intermission.

The decorating committee headed by Penny Fotheringham and Barb Soper deserve a great deal of credit.

On the receiving line were Mr. and Mrs. Hugh Douglas, Mr. and Mrs. Wm. Pringle, Mr. and Mrs. W. G. Coles, and Mr. and Mrs. Wood.

The other committees with Lois Montgomery as convener, Jack Milliken and John

Logan on refreshments and Ruth Glenn in charge of publicity, presented a very well organized programme.

SOCK HOP

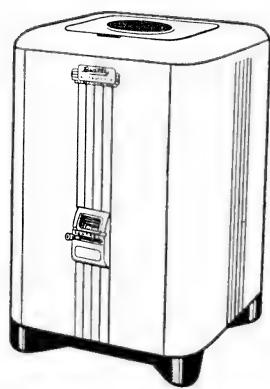

Red socks, blue socks, diamond socks, and as the evening rolled on, dirty socks.

As you have guessed there was a sock hop, and the sponsor was 13-B.

Shoes and coats were checked by the Key Club. There were many novelty dances, and refreshments were for sale in the hall.

There was a good turnout, and everyone had a good time, even if sore toes resulted.

MICHAEL E. HARRIS MEMORIAL TROPHY

MICHAEL E. HARRIS MEMORIAL TROPHY

This trophy was presented by the Imperial Oil Laboratory Staff for annual competition to the outstanding cadet of the year in No. 102 Sarnia Collegiate Institute and Technical School Cadet Corps.

At the time of his decease, Major Harris was liaison officer between the No. 102 Royal Army Cadet Corps and the 31st Field Regiment, Royal Canadian Artillery, and also a member of the cadet corps instructional staff.

We wish to thank the Imperial Oil Laboratory Staff for this tribute to Mike Harris, and to assure them that he will be worthily remembered in our school.

POLYMER CORPORATION

SENIOR FORM PARTY

Since the number of forms has increased to such an extent in the past few years, the senior forms have not been able to have form parties. In compensation for this, the Students' Council sponsored a monster form party for all the senior forms.

The features of the evening were the cash prizes, and novelty dances. Spot, elimination, musical knees, bingo, statue, and lemon dances were the order of the day. The lucky winners of the lemon dance were rewarded with half a lemon each.

In future years this event will likely be continued.

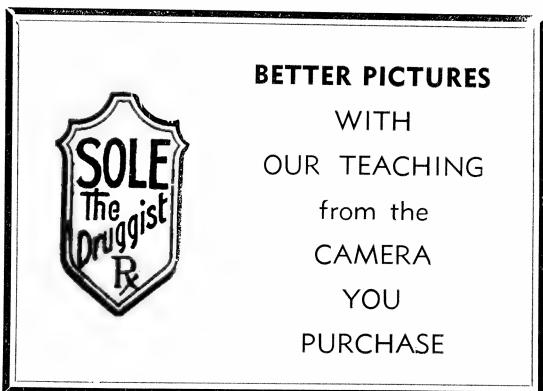

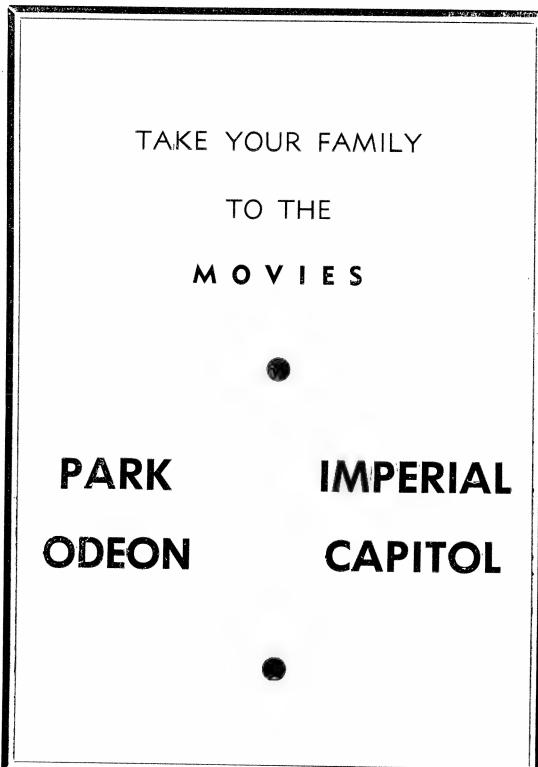

January 23:

GLEE CLUB

On January 23, 1953, an evening of musical entertainment under the direction of Mr. Sperling was presented in the school auditorium.

Country Style and You'll Never Walk Alone were a couple of the selections offered by the Glee Club. A duet, a trio, and a quartette, as well as several vocal and piano solos all added to the tremendous success of this evening of songs. Accompanist was Howard Taylor.

This concert was great, and we hope it shall continue in the years to come.

January 30:

SWEATER HOP

Special Commercial sponsored the Sweater Hop on January 30. This Com-Te-Coll, was one of the few ordinary dances of the year. It had only two special features, everyone was requested to wear sweaters, and the last dance of the evening, during which the lights were lowered, was aptly called the Last Waltz. The Last Waltz was a suitable closing to an enjoyable evening.

February 6:

DANCE OF THE FUTURE

Into a gym decorated gaily in colours of blue and yellow, a mysterious visitor from Mars entered, on Friday night, February 6. The guest was in time to award numerous prizes to Charlene Blake and Norm Greenaway, who won the elimination dance.

The centre of attraction was the huge blue moon which hung in the centre of the gym. Since the records featured were all songs which concerned the moon, this was a fitting choice for decoration.

This was one of the best attended dances of the season.

February 13:

HEART BEAT

Friday, February 13, sounds unlucky, doesn't it? Well 12-B decided to make it your lucky night.

This was a valentines dance and the decorations were cupids, red and white streamers and hearts.

Homemade refreshments consisting of cakes, cookies and sandwiches were sold from Cupids' Corner.

The members of 12-B wore arm-bands which allowed them to liven up the dance.

Mark up another successful Com-Te-Col for this present school year.

Two little girls were discussing their families.

"Why does your Grandmother read the Bible so much?" asked one.

"I think," said the other little girl, "that she's cramming for the finals."

Stone age lover's slogan: I came, I saw, I conked her.

Mother: Did your father say anything when you smashed up his new car?

Son: Shall I leave out the swear words?

Mother: Yes, of course.

Son: He didn't say a word.

Prison Warden: I've had charge of this prison for ten years. We're going to celebrate. What kind of party do you boys suggest?

Prisoners: Open house.

"I'm telling you for the last time you can't kiss me."

"Ah, I knew you'd weaken.

First Student: "Let's cut Physics today."

Second Student: "Can't. I need the sleep."

"For goodness sake, use both hands!" shrilled the coed in the auto.

"I can't," said her escort, "I have to steer with one."

"Have you seen Lucille's new evening gown?"

"No, what does it look like?"

"Well, in most places it looks quite a lot like Lucille."

Prof.: "A fool can ask more questions than a wise man can answer."

Student: "No wonder so many of us flunk in our exams."

Mr. Montgomery (very angry): "What do you mean by bringing my daughter home at 3 o'clock in the morning?"

Don: "Well, you see, sir, I have to be at school by 8.30."

Georgia S.: "You remind me of the sea."

George W.: "Because I'm wild, restless and romantic?"

Georgia S.: "No, because you make me sick."

Dr. Gurd: "Pat what is the height of your ambition?"

Pat Gurd: "Six foot one."

Women's faults are many.
Men have only two ---
Everything they say
And everything they do.

Man is just a worm in the dust
He comes along --- wriggles around awhile
And finally some chicken gets him.

"You down there," shouted Mr. Willis from the head of the stairs. "It's two-thirty! Do you think you can stay all night?"

"Er, thank you," said Christie, "but I'll have to phone home first."

Green-Horn: "May I kiss you good-night?"

Sophistocate: "Jeepers! Another amateur!"

"Well, Chivers" asked Mr. Treitz, "How far were you from the correct answer?"

"Only three seats, sir."

AN OPEN LETTER TO THE STUDENTS:

Have you ever stopped to think what flowers say

The language of flowers is a pretty powerful one - it speaks of love and friendship. From the very first, nature's gift of flowers captured the heart of man. Primitive man brought the first blossom to his lady, and love was nourished by its beauty. Yes, the beauty and fragrance of flowers won for them an enduring place in the heart and in the sentiment of mankind. And in every country - civilized and uncivilized, from time immemorial, flowers have silently symbolized the blossoming of love. Today, flowers are still the most suitable and most beautiful messengers of friendship and love that can be sent. That is why, a corsage of flowers, pinned to the gown of the girl you adore, means so very much. When you give her a corsage, Cupid is backing you solid. Yes, there is romance in flowers - they're such a personal gift - they say so well the things you mean to say. The next time there's a party or dance, you'll make a hit, if you say "You're the only one for me" with a breath-taking corsage of flowers. Remember the language of flowers - and there'll be stars in her eyes.
